

THE **CURL** FELLOWSHIP PROCESS

1

BRAINSTORM.

What's interesting to you? What knowledge could help your community?

2

CONNECT.

Find a CURL Faculty Mentor or ask us to connect you with one: curl@uwo.ca

3

PLAN.

Compose a detailed project proposal: what is your research topic? What are your goals?

4

APPLY.

Fill out your Student Fellowship Application by the due date.

Bonus: you'll automatically become a CURL Associate—with all the benefits that entails!

5

DOUBLE-CHECK.

Ensure that your Mentor has filled out the Faculty Mentor Fellowship Application.

Both the Student and the Faculty Mentor applications must be completed by the due date!

CONGRATS!

We'll announce the winners soon after applications close. But you're not done yet!

Huron

Centre for
Undergraduate
Research Learning

CHECK-IN 1

Show us your refined research methods & methodology. Start your CURL blog (we'll help!)

CHECK-IN 3

Interpret your results. What's your research narrative?

Find full Fellowship rules and due dates online at huronresearch.ca/curl/

CHECK-IN 2

Report your ethics & compile preliminary data.

PRESENT!

Add the final touches and present your work at our yearly CURL conference!
