

# RESEARCH ETHICS:

## WHY IS IT MORE THAN JUST CHECKING OFF A BOX?

### 3 Goals of Research Ethics:

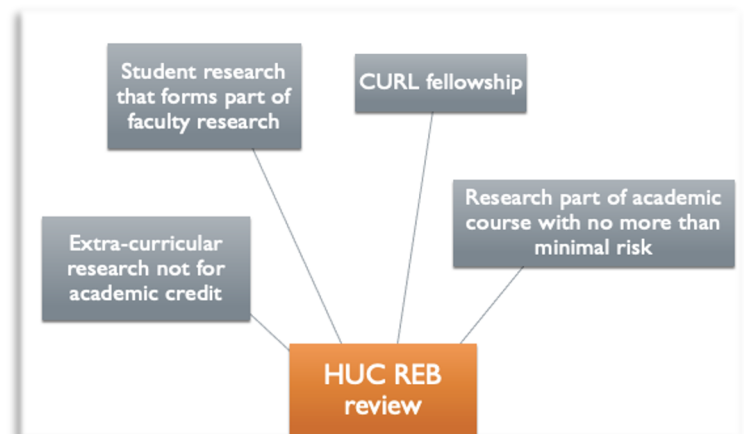

1. To protect human participants
2. Research is conducted to serve participants in an effective way
3. Ensure research activities have ethical soundness

### Ethics is more than just a Course Requirement!

Individuals participating in a research study need to understand the importance of what their participation in a study is used for and how their participation can impact data

### When do you need Research Ethics Board (REB) Approval when conducting a study?

BE SURE TO WATCH OUR PODCAST ABOUT RESEARCH ETHICS OR READ OUR BROCHURE TO GET ALL THE INFORMATION BROKEN DOWN IN MORE DETAIL!
